

CARLSBAD ENERGY CENTER PRESIDING MEMBER'S PROPOSED DECISION

Consideration and possible adoption of the Committee's Presiding Member's Proposed Decision on the CARLSBAD ENERGY CENTER (Docket No. 07-AFC-6), and Errata. The Committee issued its Presiding Member's Proposed Decision (PMPD) on May 9, 2011.

The proposed CARLSBAD ENERGY CENTER is a combined cycle electrical power plant facility with a generating capacity of 540-megawatt (MW) located in the city of Carlsbad, San Diego County.

The PMPD contains the Committee's rationale in determining that the proposed project will, as mitigated, have no significant impacts on the environment and will comply with all applicable laws, ordinances, regulations, and standards (LORS).
